ARTICLE 1 – PURPOSE OF CONTRACT

This Master Contract is entered into between the School Board for Independent School District No. 834, Stillwater, Minnesota (hereinafter referred to as the School Board), and the Saint Croix Education Association (hereinafter referred to as the Association), pursuant to and in compliance with the Public Employment Labor Relations Act (P.E.L.R.A.) as amended to provide the terms and conditions of employment for teachers during the term of this contract.

ARTICLE II – RECOGNITION OF EXCLUSIVE REPRESENTATIVE

Section 1 – Recognition

In accordance with the P.E.L.R.A., the School Board recognizes the Association as the exclusive representative of teachers employed by the School Board of Independent School District 834. The Association as exclusive representative shall have those rights and duties as prescribed by the P.E.L.R.A. and as described in the provisions of this contract.

Section 2 – Appropriate Unit

The exclusive representative shall represent all of the teachers of the District in the appropriate unit as defined in Article III of this contract. The School Board agrees not to meet with individual teachers for the purpose of negotiating or negotiate with or recognize any teachers' organization other than the SCEA so long as the SCEA is the duly authorized exclusive representative of the teachers of this district. This section is not in conflict with the provisions of Article V, Section 1.

Section 3 – Selection of Negotiators

Neither party in any negotiations shall have any control over the selection of the negotiating or bargaining representatives of the other party. The parties mutually pledge that their representatives will be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of negotiations.

ARTICLE III – DEFINITIONS

Section 1 – Terms And Conditions Of Employment

The term "terms and conditions of employment" means the hours of employment, the compensation therefore, including fringe benefits, except retirement contributions or benefits, other than employer payment of, or contributions to, premiums for group insurance coverage for retired employees or severance pay, and the employer's personnel policies affecting the working conditions of employees. In the case of professional employees, the term does not mean educational policies of a school district. "Terms and conditions of employment" is subject to the provisions of P.E.L.R.A.

Section 2 – Teachers

Teacher shall mean all persons in the appropriate unit employed by the School District in a position for which the person must be licensed/certified by the State Board of Teaching and including occupational therapists, physical therapists, nurses, those on approved leaves of absence, substitute teachers who work more than thirty days a year for a particular teacher and teachers employed in newly created positions. The term teacher, as used herein, shall not include the superintendent, other district administrative personnel, principals, assistant principals, directors, and supervisory employees who devote more than 50% of their time to administrative or supervisory duties, confidential employees, essential employees, and such other employees excluded by law.

Section 3 – QSC

The Quality Steering Committee (QSC) shall refer to a committee of teachers and administrators selected to meet and confer on non-economic conditions of employment.

Section 4 – School Year

The term "school year" shall mean those days between and including the dates on which individual contractual teacher duties begin and end.

Section 5 – Working Day

The term "working day" shall mean any day, Monday through Friday, inclusive, and including the summer months, except those days designated as major legal holidays by State law.

Section 6 – Substitute Teacher

The term "substitute teacher" shall mean any teacher who takes the place of a teacher who is absent from work for less than one year.

Section 7 – Undefined Terms

Terms not defined in this agreement shall have those meanings defined by the P.E.L.R.A.

ARTICLE IV – SCHOOL BOARD RIGHTS

Section 1 – Management Rights

The exclusive representative recognizes that the School Board is not required to meet and negotiate on matters of inherent managerial policy which include, but are not limited to, such areas of discretion or policy as the functions and programs of the employer, its overall budget, utilization of technology, the organizational structure, and selection and direction and number of personnel.

Section 2 – Management Responsibilities

The exclusive representative recognizes the right and obligation of the School Board to efficiently manage and conduct the operation of the school district within its legal limitations and with its primary obligations to provide educational opportunity for the students of the school district.

Section 3 – Effect Of Rules, Regulations, Laws And Policies

The exclusive representative recognizes that all employees covered by this contract shall perform the teaching and non-teaching services prescribed by the School Board and shall be governed by the laws of the State of Minnesota and by School Board rules, regulations, directives and orders issued by properly designated officials of the school district. The exclusive representative also recognizes the right, obligation and duty of the School Board and its duly designated officials to promulgate rules, regulations, directives and orders from time to time as deemed necessary by the School Board insofar as such rules, regulations, directives and orders are not inconsistent with the terms of this contract and recognizes that the School Board, all employees covered by this contract, and all provisions of the contract are subject to the laws of the State of Minnesota, Federal Laws, rules and regulations of the State Board of Education, and valid rules, regulations and orders of State and Federal governmental agencies. Any provision of this contract found to be in violation of any such laws, rules, regulations, directives, or orders shall be null and void and without force and effect. References to State and Federal laws or rules and regulations of State or Federal agencies are not intended to incorporate such laws, rules and regulations into this contract by reference.

Section 4 – Reservation Of Management Rights

The functions of management are reserved and unencumbered except as limited by the terms of this contract.

ARTICLE V – TEACHER RIGHTS

Section 1 – Expression, Rights And Limits

Nothing contained in this contract shall be construed to limit, impair, or affect the right of any teacher or their representative to the expression or communication of a view, grievance, complaint, or opinion on any matter related to the conditions or compensation of public employment or their betterment, so long as the same is not designated to and does not interfere with the full, faithful and proper performance of the duties of employment or circumvent the rights of the exclusive representative if there be one; nor shall it be construed to require any teacher to perform labor or services against their will.

Section 2 – Right To Join

Teachers shall have the right to form and join labor or employee organizations, and shall have the right not to form and join such organizations. Teachers in an appropriate unit shall have the right of secret ballot to designate an exclusive representative for the purpose of

negotiating grievance procedures and the terms and conditions of employment for such teachers with the School Board.

Section 3 – Dues Check off

Teachers shall have the right to request and be allowed dues check off to the employee/labor organization deemed as the exclusive representative of the bargaining unit. Upon the School District's receipt of a properly executed authorization card of the teacher involved, and notification of the amount to be withheld, the School District will deduct from the teacher's paycheck the amount authorized. The initial authorization shall continue in effect from year to year unless the Association notifies the School District, in writing, that the teacher has revoked his/her authorization or the School District determines that the authorization/deductions must cease based on state or federal statute and/or case law. All monies deducted shall be transmitted to the employee/labor organization within fifteen working days pursuant to the teacher's authorization.

The St. Croix Education Association (SCEA) shall furnish the School District with a list of members of the SCEA from time to time, and furnish any other information needed by the School District to fulfill the provisions of this Section. Upon receipt of a properly executed authorization card of the teacher involved, the School District will deduct from the teachers's paycheck the amount the teacher has agreed to contribute to the NEA Fund for Children and Public Education (the Fund). The school district is responsible to transmit contributions, along with a roster of contributors, on a monthly basis to the Fund. The District shall cease deductions for contributions to the Fund upon written request from the teacher.

The Association assumes full responsibility for the validity and legality of deductions under this Section and shall defend, indemnify and hold the School District harmless against any and all claims, suites, orders, judgments, damages or other forms of liability brought or issued against the School District, its employees or Board members as a result of the deductions or other actions taken pursuant to this Section. The Associations defense and indemnification obligation shall apply regardless of the collective bargaining agreement.

Section 4 – Fair Share

Upon request of the Association, the School Board shall deduct a fair share fee, as determined by the Association, from the pay of any teacher who is not a member of the Association or who does not make application within thirty calendar days from the date of commencement of teaching duties. Deductions for fair share will be made in equal amounts or equal accelerated amounts from the regular paychecks commencing on the second pay period in October and ending no later than the first pay period in June of each school year and remitted to the Association within fifteen working days of each deduction and accompanied by an alphabetical list of teachers for whom such deductions have been made. Deductions for fair share for teachers employed after September 15 of any year, who do not join within 30 days of employment, will be made beginning with the next regular pay period of the month, and ending the first pay period in June.

Section 5 – Copyrighting And Publishing

The School Board of Independent School District 834 encourages the professional staff to develop new and creative educational materials, ideas, and activities. Should an employee

of the District produce instructional materials of a published quality and should the employee initiate the publication of said materials, all royalties accrued from such are the property of the employee. District 834, however, retains the right of usage of said materials without cost to the district. Because of the many legal implications of copyrighting and publishing, an employee submitting work for publication should, prior to signing a publishing contract, notify the School Board about the intention to publish so that all conditions between the district and employee can be clarified.

Section 6 – Constitution And Legal Jurisdiction

No provision of this master contract shall be construed as a waiver of any right enjoyed by teacher or other employee covered under this master contract and/or under the constitutions of the State of Minnesota and of the United States, local, county, state and federal laws, and rules and regulations of local, county, state and federal agencies. This section is not intended to incorporate the State and Federal Constitution, State or Federal laws or rules and regulations of governmental agencies, other than the School Board of Independent School District No. 834 into this contract by reference. Any provision of this master contract found by an appropriate agency or court to be in violation of any provision of the constitutions of the State of Minnesota or of the United States or of any local, county, state or federal law, or of any rule or regulation of any local, county, state or federal agency shall be voided to the extent necessary to compel compliance with the violated provision.

Section 7 – Teacher Discipline

The school district recognizes the concept of progressive discipline as appropriate. Progressive discipline may include, but is not limited to oral reprimand, written reprimand, notice of deficiency, suspension or discharge. The district reserves the right to exercise a level of discipline consistent with the seriousness of the infraction.

Subd. 1 – A teacher shall be entitled, and so notified in writing, of a right to Union representation during any investigatory meeting that could result in discipline. "Investigatory meeting" is defined as a meeting called by the School District when it believes that it may have just cause to impose discipline or issue a notice of deficiency. Any notice of deficiency should include written indicators of expected improvement. When a request for representation is made, no action shall be taken with respect to the teacher until such representation from the Association is present. Provided, however, the Association must furnish an appropriate representative to participate in the required meeting within 48 hours of the initial request.

Subd. 2 – No teacher will be suspended without pay unless there is just cause. Such period of unpaid suspension will not exceed 30 days. If the District contemplates suspension without pay of a teacher, a District representative and the supervisor involved will meet with the President of the Association or designee and one other Association representative designated by the Association President to review the circumstances. If the District's decision is to suspend a teacher, the Association and the teacher involved will be notified in writing. At the request of the Association, the matter will be submitted directly to arbitration (Section 6 of the grievance procedure).

Subd. 3 – The School District will notify the Association President in writing when a teacher is suspended with pay.

Section 8 – Personnel Files

Pursuant to M.S. 122A.40, Subd.19, as amended, all evaluations and files generated within the School District relating to each individual teacher shall be available during the regular school business hours to each individual teacher upon reasonable notice. Documents placed in the file shall be dated. The teacher or representative, authorized in writing, shall have the right to district provided copies of the contents of the files at the teacher's expense. No material involving evaluation, notice of reprimand or deficiency, or letters may be placed in a teacher's file without first providing the teacher with an opportunity to attach a response thereto. The District is encouraged to continue placing material in the teacher's personnel file on a timely basis. Teachers are encouraged to include a timely response in the file to any material which they feel is false or substantially inaccurate. Teachers may challenge documents in their personnel file pursuant to MS 122A.40, Subd. 19. The School Board and the Association agree that a teacher shall at all times be entitled to have present, representation from the Association.

Section 9 – Freedom Of Discussion

Teachers are free to present instructional materials which are pertinent to the subject and level taught, and are within the District approved course objectives. Teachers shall be entitled to freedom of discussion within the classroom on all matters which are relevant to the subject matter under study and within their area of professional competence. Material known to be controversial, which is relevant to the course content, may be introduced into classroom presentations and discussions after consultations with and approval by the building principal. Such material should be suitable to the student's background and maturity, and the teacher shall present or arrange for the presentation of both sides of issues in which there exist conflicting opinions.

Subd. 1 – Recognition is given to the fact that citizens of the District have the right to confer with the school administration when convinced that unfair and prejudiced presentations are being made by any teacher. Said teacher(s) shall be fully informed by the appropriate school administrator as soon as possible regarding all aspects of the conference. All subsequent conferences relating to the specific allegations will be attended by the teacher(s) involved and may include, upon teacher request, representation from the Association.

Subd. 2 – The School Board shall provide a fair hearing whenever in the judgment of the board materials of instruction or the work of an individual teacher are seriously attacked by individuals or organized groups.

Any teacher(s) who is giving instruction in a field involving alleged controversial issues in accordance with the provisions of this section, shall have the support of the School Board unless the Board determines that such criticism is justified.

Subd. 3 - Any complaint made against a teacher or teachers by citizens of the School District involving selection and use of instructional materials may not be used in the evaluation of the teacher if the teacher(s) followed the procedures established in the District's instructional materials policy. Neither will such complaints, either formally written or summarized, be placed in the file of the teacher(s) against whom a complaint has been made.

Section 10 – Evaluation Procedures

The School Board, Administration and the St. Croix Education Association agree that teacher evaluation is for the benefit and growth of teachers and the improvement of instruction. The District will work with the Association to mutually establish processes and procedures for evaluation, including modifications to existing policies. The existing policies shall continue until mutually modified. The District's evaluations shall be consistent with these established procedures. If the evaluator will be recommending that the staff member not be retained, the written evaluations for that staff member must be completed by the evaluator on or before April 15. The District will not use evaluations generated through mentorship programs or program review aspects of any accrediting agency in the preparation of any letters of deficiency.

Section 11 – Peer Review

The peer review process shall be subject to negotiations with the Association to the extent required by Minnesota Statutes.

ARTICLE VI – ASSOCIATION RIGHTS

Section 1 – Authorized Representatives

Duly authorized representatives of the Association shall be permitted to transact official Association business on school property at all reasonable times, provided that this shall not interfere with or interrupt normal school activities.

Association leave days requested in excess of 25 days will be granted such officers and representatives with the Association reimbursing the district for the cost of the substitute if one is necessary. The Association agrees to notify the superintendent, or designee, in writing at least two days prior to the use of such leave.

Section 7 – President Leave Time

Subd. 1 – The president of the SCEA will be granted association leave in the form of release time from his/her teaching position. The association leave shall be up to .6 FTE and must be used for conducting the business of the Association.

Subd. 5 – The rules contained herein relating to the application of credits on the salary schedule shall not deprive any teacher of any salary schedule placement already recognized and actually being paid.

Subd. 6 – Teachers shall be awarded lane change credit only after contract negotiations have been completed.

Subd. 3 – Teachers employed less than .5 FTE will not be eligible for health and welfare benefits.

Subd 4 – Occasional substitutes shall not receive insurance or leave benefits. The policy shall contain a provision for double indemnity in case of accidental death, benefits in case of dismemberment, and waiver of premium when totally disabled.

Subd. 2 – The teachers eligible for Subd.1 coverage may elect to reduce such coverage to \$50,000 or pay the premium for group term life insurance in excess of \$50,000.

Subd. 3 – Full-time teachers may purchase additional term life insurance through payroll deduction at the existing group rate in the amount of \$10,000 or one, two, or three times salary rounded to the nearest thousand. The policy shall contain a provision for double indemnity in case of accidental death, benefits in case of dismemberment and waiver of premium when disabled. Teachers who have spouses and/or dependents and who purchase additional insurance may also purchase dependent life insurance.

Effective July 1, 2020: Up to \$97.00 per month

Section 6 – Short Term Disability Income Protection

Subd. 1 – The purpose of this program is to continue all or a portion of an employee's income in the event the employee is unable to work due to a sickness or accident.

Subd. 2 – Teachers employed for .5 FTE or more are eligible to receive short-term disability benefits.

Subd. 3 – Employees become eligible for short-term disability coverage on the effective date of their contract except employees during the first year of employment in the district must complete one day of employment. At the same of hiring, District Central Services will notify new employees in writing that the LTD benefits begin following one day of employment.

Subd. 4 – Employees covered on the effective date of the plan will have all accrued sick leave days credited and will be covered for disabilities resulting from conditions pre-existing the effective date of this plan.

Subd. 5 – Short term disability income protection pays a daily benefit for periods during which the teacher is prevented from working as a result of a disability and sick leave benefits have been exhausted.

Subd. 6 – Short term disability income protection provides a benefit of 70% of the teacher's daily rate of pay for each working day. If the teacher has accumulated less than ten days of sick leave, the short term disability benefits will begin when sick leave terminates but not before the tenth day of disability. This benefit is payable during any period of disability and until the combination of sick leave and short term disability income benefits total 120 days.

Subd. 7 – Employees on pre-approved unpaid leaves of absence are ineligible to participate in this benefit during the period of such leave. Eligibility for short term disability income protection shall resume on the anticipated return to work date.

Subd. 8 – All disability absences will be considered as having occurred during a single period of disability unless it can be shown that:

1. The causes of the latest disability cannot be connected with the causes of the prior disability and the latest disability occurs after return to work on a regular basis for at least one day, or;
2. There is a connection with the prior disability but between the previous absence and the most current absence the teacher has returned to work on a regular basis for at least two consecutive weeks.

Subd. 9 – No benefits are payable under short term disability income protection for:

1. Any day on which the teacher is not under the care of a physician or surgeon; a period of care shall not be considered to have started until the employee has been seen and treated personally by a physician or surgeon, or;
2. Any day in which the teacher is performing work for compensation or profit.

Subd. 10 – Short term disability income protection benefits shall be reduced by the initial amounts of benefits or compensation which the employee receives from other sources, such as worker's compensation, social security, federal, state or municipal plans, and several other types of programs listed in the long-term disability contract. The benefits shall not be reduced by any such payments made to dependents or payments received from privately

purchased income replacement plans. However, this coordination of benefits applies only to the extent that the total benefits payable under these plans and all other plans exceed 75% of pay. In the event that social security benefits are increased after long term disability benefits are initiated, such increase may be received by the employee in excess of the 75% of pay that is allowed.

Subd. 11 – Benefits under all plans are not payable for:

1. Disability caused by war or military service.
2. Disability caused by intentionally self-inflicted injuries, or;
3. Disability resulting from committing an assault, battery, or felony.

Section 7 – Long Term Disability Income Protection

Subd. 1 – Teachers employed .80 FTE (in trimester situations it is .73) or more are eligible to receive long term disability insurance benefits.

Subd. 2 – Employees become eligible for long-term disability coverage on the effective date of their contract except employees during the first year of employment in the district must complete one day of employment. At the time of hiring, District Central Services will notify new employees in writing that the LTD benefits begin following one day of employment.

Subd. 3 – Employees covered on the effective date of the plan will have all accrued sick leave days credited and will be covered for disabilities resulting from conditions pre-existing the effective date of this plan.

Subd. 4 – The employee is eligible for long-term disability benefits after 120 consecutive working days of total disability. At this time the teacher has the option of utilizing any remaining sick leave on a pro-rated basis at the rate of .30 of a working day, for each day absent due to disability, to supplement district provided long term disability insurance provided that the combined benefits do not exceed 100% of daily salary. Details of the insurance benefit are contained in the insurance contract issued to the district.

Subd. 5 – The amount of monthly insurance benefit under this plan shall be equal to 70% of 1/192 (or actual contract days) of annual earnings including co-curricular contracted pay times the number of teacher contract days per month in effect prior to the date of disability. Annual earnings shall be calculated minus overtime pay and supplementary compensation. After having been on LTD payments for 12 months, the teacher may convert to 12 equal monthly payments per year. Benefits shall cease in accordance with applicable state and federal regulations.

Subd. 6 – Long-term disability income benefits shall be reduced by the initial amounts of benefits or compensation which the employee receives from other sources, such as worker's compensation, social security, federal, state or municipal plans, and several other types of programs listed in the long-term disability contract. The benefits shall not be reduced by any such payments made to dependents or payments received from privately purchased income replacement plans. However, this coordination of benefits applies only to the extent that the total benefits payable under these plans and all other plans exceed 75% of pay. In the event

that social security benefits are increased after long-term disability benefits are initiated, such increase may be received by the employee in excess of the 75% of pay that is allowed.

Subd. 7 – Benefits under all plans are not payable for:

1. Disability caused by war or military service.
2. Disability caused by intentionally self-inflicted injuries, or;
3. Disability resulting from committing an assault, battery, or felony.

Subd. 8 – This plan terminates upon termination of employment of contract. However, if the employee is disabled as of the last day of employment or contract, plan benefits will go into effect and a medical leave of absence will occur. The medical leave will terminate when the teacher is no longer disabled or at the time the teacher loses job rights with the district.

Subd. 9 – A disabled teacher retains job rights for three years following the implementation of long-term disability income protection.

Subd. 10 – In the event the teacher is on sabbatical leave and becomes disabled, benefits will be based on sabbatical salary. If the employee remains disabled at the close of the leave, benefits shall be based on the regular full-time salary in effect at the time of disability. If the sabbatical leave deduction is spread over two years, then the 70% regular benefits will go in effect at the close of the regular salary reduction period.

Section 8 – Legal Insurance

Legal insurance, if available, shall be paid by teachers electing to take such coverage, by payroll deduction. The coverage shall consist of the benefits stated in the summary plan document in effect on July 1, 2004.

Section 9 – Retirement Benefits

Subd. 1a – Health/Hospitalization Plan: For teachers hired on or after July 1, 2000, and prior to July 1, 2006, the School District shall continue the group health and hospital plan, including modifications thereto, and provide single premium coverage for those teachers who retire from teaching in District 834, prior to eligibility for Medicare, who elect such coverage and who are between the ages of eligibility for TRA (based on 1997 definition of TRA eligibility) and eligibility for Medicare, provided such teachers have actually taught in District 834 for at least ten years. The retiree shall have the option to purchase an additional single plan for continuing coverage for his/her spouse or dependents at the group rate. Such coverage shall cease when the retiree becomes eligible for Medicare. In no event shall such district paid premium extend beyond 15 consecutive years, or eligibility for Medicare, whichever occurs first. Teachers participating in the high deductible/HRA/VEBA health insurance benefit option at the time of retirement may continue in that option, with any modifications negotiated thereto, for the duration described above. The District HRA/VEBA contribution shall remain at the amount in effect at the time of retirement. Retirees are not eligible to continue a VEBA contribution that they may have been receiving due to coverage

under a spouse's plan, as provided in Section, Subd. 1 of this Article. There will be no HRA/VEBA contribution toward additional coverage purchased by the retiree to cover his/her spouse or dependents.

Subd. 1b – Health/Hospitalization Plan: For teachers hired prior to July 1, 2000 and retiring on or after January 1, 2008, the School District shall continue the group health/hospitalization plan including any modifications thereto and provide single or dependent premium coverage for those teachers who retire from teaching in District 834, prior to the eligibility for Medicare, who elect such coverage and who are between the ages of eligibility for TRA (based on 1997 definition of TRA eligibility) and eligibility for Medicare, provided such teachers have actually taught in District 834 for at least ten years. Employees who elect family coverage shall make a monthly contribution toward such coverage equal to the amount in effect at the time of their retirement and the District contribution to the HRA/VEBA shall remain at the amount in effect at the time of retirement for single or family. Retirees are not eligible to continue a VEBA contribution that they may have been receiving due to coverage under a spouse's plan, as provided in Section, Subd. 1 of this Article.

Such coverage shall cease when the retiree becomes eligible for Medicare. In no event shall such district paid premium extend beyond 15 consecutive years, or eligibility for Medicare, whichever occurs first. Teachers who retire following a leave of absence shall be afforded all of the benefits of this section, provided they have proof of hospitalization insurance while on leave.

Subd. 1c – Health/Hospitalization Plan: Teachers hired on or after July 1, 2006, will be ineligible for district paid retiree insurance. While actively employed, teachers eligible for district paid health insurance will receive a district contribution of \$1,343 to be deposited into the district designated Health Care Savings Plan (HCSP), at the conclusion of each school year, and no later than June 30. Teachers who are eligible for district paid health insurance, working .5 or more FTE per year, will receive the HCSP contribution. The District contribution to the HCSP shall be pro-rated for teachers working less than a full year. Substitute teachers as defined in Appendix E are ineligible for the district HCSP contribution. Effective July 1, 2009, an employee receiving District paid retirement health insurance benefits shall not be eligible for HCSP benefits in this subdivision.

Subd. 2 – Medicare Conversion: When a teacher reaches Medicare eligibility by virtue of employee status and age, and/or when benefits provided by statutes cease, the School District shall make available a Medicare supplement plan in the form of a guaranteed conversion policy to the retiree at the retiree's expense.

Subd. 3 – Spouse or Dependent Health/Hospitalization Insurance Extension: In addition to or in replacement for coverage's and entitlements provided in Subd.1 and 2 above, a retired teacher's spouse or dependent may purchase full single health/hospitalization coverage at the group rate until the spouse or dependent attains Medicare eligibility, provided such spouse or dependent had been covered under the teacher's plan prior to the retirement date. Additional rights may be applicable under MS 471.61.

Subd. 4 – Dental Insurance: The teacher may continue dental insurance coverage under the group plan provided such teacher has maintained such coverage prior to retirement and pays the total premium for such coverage. The teacher may extend dental coverage beyond Medicare eligibility pursuant to MS 471.61.

Subd. 5 – Life Insurance: The teacher may continue life insurance coverage under the group plan and group rate provided such teacher has maintained such coverage prior to retirement and pays the total premium for such coverage. At age 70, retired teachers will be eligible to continue the group plan at a step rate cost.

Subd. 6 – Post-retirement Employment: If a retired teacher obtains employment other than with School District 834 and is covered by a group medical hospital insurance plan, such insurance shall be considered as primary.

Subd. 7 – Non-duplication with Medicare: If the retiree or the retiree's spouse or dependent is entitled, if enrolled, to have any part of the cost of eligible services or supplies paid by Medicare Parts A and B, even though the retiree or the retiree's spouse or dependent does not enroll in Medicare or waives or fails to claim medical benefits, the service plan will reduce the amount furnished under this contract so that the total amount paid under this contract and Medicare, or what could be paid under Medicare, does not exceed the amount the plan allows for covered benefits.

Subd. 8 – Benefits for Those Employed Less Than Ten Years: For those teachers who retire without ten years of actual teaching service in District 834, the School Board shall continue in accordance with Minnesota Statutes the availability of group health and hospitalization insurance, including any modifications thereto and including dependent coverage, provided such coverage has been maintained prior to retirement, for those who elect such coverage. Such coverage shall be guaranteed convertible to a Medicare supplement plan. Such teachers will pay the entire premium for the insurance.

Section 10 – Survivors Benefits

The School Board shall continue the group health and hospitalization and dental plan, and provide the full premium cost for all eligible surviving dependents of a teacher who dies while actively teaching in District 834. Such coverage shall extend for one calendar year from the date of the teacher's death. If a survivor obtains employment with an employer other than the School District and such survivor is covered by a group medical hospital insurance plan or HMO, such coverage shall be considered primary.

Section 11 – District Insurance Committee

The School Board will establish an Insurance Review Committee that will be advisory to the School Board. The committee will be composed of three representatives designated by the School Board, three representatives selected by the Association, and one representative selected by each of the remaining employee groups in the district. The committee shall review the operation of current insurance programs including benefit and claim payments, study and recommend changes in coverage, and review specifications prior to bidding. The District shall prepare documentation summarizing insurance benefits. The documentation shall be provided in writing to the insurance committee members and newly hired employees, and shall be posted on the District website.

Section 12 – Policy Availability

One complete copy of each contracted insurance policy shall be posted on the district website and provided electronically upon individual request.

Section 13 – Disclaimer

The eligibility for the payment of claims for insurance benefits described in this Article shall be governed solely by the terms of the insurance policies purchased by the School District. The School Board's only obligation is to provide and administer benefits as negotiated. No claims, other than those arising from District error or undue influence, shall be made against the School District as a result of denial of insurance benefits by an insurer.

Section 14 – IRS 125 Plan

The School District will implement an IRS 125 Plan. (Flexible Benefit Plan)

ARTICLE X – LEAVES

Subd. 7 – A special sick leave allowance is granted for teachers of summer school. Such teachers will be allowed one day of sick leave for each four weeks of teaching. Unused sick leave shall accrue to a maximum of five days.

Subd. 8 – When an employee returns to work following participation in the long term disability income protection program (Article IX, Section 7) the District will grant the same employee a sufficient number of sick leave days to equal 12 days if the employee's accumulation at that time is less than 12 days.

Subd. 9 – The School District shall grant up to ten days sick leave to any father who may need time to care for a newborn child.

Subd. 2 – The employee must provide the Employer with reasonable notice of his/her intention to take this leave. For foreseeable leave, the employee must provide written notice to the Employer at least 30 days in advance or, if 30 days is not practicable, as much notice as is practicable. For unforeseeable leave, the employee should give notice to the Employer as soon as it is practicable under the circumstances of the particular case.

Subd. 3 – The School District may adjust the ending date of parental leave so that the dates are coincident with some natural break in the school year.

Subd. 4 – Parental leave may be granted up to one full year following the school year in which the leave was granted.

Subd. 5 – The School District shall grant up to ten days leave (subtracted from sick leave) to any teacher who may need time for child adoption.

During the period of parental leave, accrued sick leave will be held in credit. After the initial three month period, the teacher is eligible to continue all insurance benefit plans but must pay the total premium for these programs.

Subd. 9 – Whenever parental leave extends to the end of a school year, the teacher shall notify the Human Resources department in writing by February 15 of intent to return or not return to the District the following year. Whenever possible, the administrator, when requested, will meet with the teacher returning from leave to determine building assignments. The building principal will notify the teacher as to building and teaching assignment by February 15 for the following year or as soon as possible after that date.

Subd. 10 – A teacher who is pregnant may elect to utilize a disability leave followed by a parental leave. When disability leave is utilized, the teacher shall continue working until she can no longer fulfill the requirements of the position. During the period of disability only, the teacher is eligible to receive sick leave and disability leave benefits. The teacher is required to return to work as soon as she is physically able unless she is granted a parental leave at this time without pay.

Subd. 11 – If the reason for parental leave is occasioned by pregnancy and the period of confinement is interrupted, the teacher may return to work prior to the ending date of the leave only if she is physically able and a suitable opening is available.

Subd. 2 – Any teacher who has 30 years or more service in District 834, hired prior to July 1, 1994, is eligible for severance without regard to sick leave accumulation.

Subd. 3 – Sick leave limitation – The number of payment days for teachers with less than 30 years of District service shall not exceed the teacher's sick leave reserve at the time of retirement except that in no case will the teacher's payment days be less than one-half the days accumulated in Subdivision 1.

Subd. 4 – Fringe benefits will be provided to early retirees in accordance with Article IX, Section 9.

Subd. 5 – Severance shall not be provided to any employee discharged for cause by the School Board.

Section 2 – Retirement Severance Plans

Subd. 1 – Retirement on or after July 1, 2005, for teachers not participating in a 403b matching plan prior to July 1, 2001.

Teachers retiring under this Subd. shall receive severance pay based on their current daily rate of pay, as provided in the following table.

Year of Retirement	Maximum Days of Severance

2020-21	56

In addition, teachers are eligible to receive the District's contribution to the 403b matching plan.

Subd. 2 – Retirement for all teachers not covered in Subd. 1 above.

Teachers retiring under this subdivision shall receive the District's contribution to the 403b matching tax deferred plan provided under Section 5 of this article.

Section 3 – Retirement Entitlement

Payment of retirement entitlement shall be made upon retirement. If the employee dies before the retirement payment has been made, the balance due shall be paid to a named beneficiary, or lacking same, to the estate of the deceased, in accordance with applicable laws and plan requirements.

Section 4 – Severance Distribution

This section is intended to provide the method of implementation for Article XVII, Sections 1, 2, and 3.

Subd. 1 – Under the terms of this agreement, the District will be required to make payment to the district designated vendor(s) providing IRS approved tax deferred plans such as 401a, 403b, 457, and the health care savings plan.

Subd. 2 – Subject to the limitations listed below, the School District will contribute an amount equal to the value of 70% of the employee's severance entitlement directly into the retiree's tax deferred account and 30% into the employee's health care savings plan. The percentages described above may be modified in future negotiations.

Subd. 3 – The Schools District's annual contribution into the retiree's tax deferred account must not exceed the IRS contribution limit. If the retiree has any severance remaining after the limit is reached in the year of separation, the School District will make a contribution up to the IRS maximum into the retiree's tax deferred account in January of the following year(s).

Section 5 – Matching Tax Deferred Plans

Subd. 1 – Teachers shall be entitled to a matching School District contribution to a tax deferred account, subject to State and Federal law on the following basis:

- | | | |
|----|--|--|
| a. | 0 - 2 years of actual service to District 834 | 0 |
| b. | In excess of 2 years of actual service to District 834 | Up to 3% of scheduled salary (Appendix A1/A1-Q and A2/A2-Q, salary only) |

Subd. 2 – The District contribution will begin when the employee establishes participation in an eligible investment program as defined by Statute at an amount not to exceed the benefit schedule set out in Subd. 1 above. The District match cannot be accumulated on a retroactive basis if an employee elects to begin participation after the first year of eligibility. Changes to or initial entry into the plan shall occur on the first pay date following the date the information is received by the Human Resources department.

Subd. 3 – Teachers must work at least .5 FTE or more in order to be eligible. Service shall mean years of service wherein the teacher is employed through District 834 School Board action on a continuous and permanent basis (including any approved leave of absence).

ARTICLE XVIII – EMPLOYMENT PRACTICES

Section 1 – Individual Contract

Each teacher initially employed by the School Board, including long term substitute teachers as defined in Article VII, Section 4, shall be issued an individual contract in the form provided by Appendix E. Such contract shall state the teacher's general assignment and annual salary. Substitute teachers shall receive individual contracts as required by Article VII, Section 4, with paragraph 6 of Appendix E appropriately completed. Extensions or renewals of individual contracts will be handled by written or electronic notice of assignment.

Section 2 – Resignations

A teacher who desires to be released from the individual contract at a time other than that provided in M.S. 122A.40, as amended, shall submit a resignation and request for release to Human Resources. Such request shall state the date on which the release is to be effective, except in an emergency, shall be submitted at least 60 days prior to the date on which the release is to be effective. Upon receipt of a request for release from a teacher, Human Resources shall immediately begin procedures for securing an acceptable replacement teacher. The release of a teacher from an individual contract shall normally be contingent upon the ability to secure an acceptable replacement teacher, except in those cases involving personal medical situations or the transfer of a spouse away from the metropolitan area.

Section 3 – Equal Rights

The provisions of this contract shall be applied without regard to race, creed, religion, color, national origin, age, sex, place of residence, marital status, status with regard to public assistance or disability provided the teacher is able to perform the duties of the job. Any

disputes concerning the application of this Section shall be resolved by the appropriate State or Federal agency and shall not be subject to the grievance procedure contained in Article XV.

Section 4 – Teacher Assignment

A teacher's specific assignment shall continue unless written notice of assignment change for the forthcoming year is given by the building principal prior to the annual spring posting. In the event that additional changes in assignments occur, all teachers affected shall promptly be notified as soon as changes are finalized.

Section 5 – Job Share, Part-Time Or Reduced Contracts

Any administrative request or administration approved teacher request for a teacher on staff to accept a reduced contract shall be in writing and shall include any contract changes concerning benefits and rights to return to the original contract. A teacher who accepts part-time status and who qualifies under state law, may contribute to the teacher retirement fund as if he/she was working on a full-time basis. When the part-time status refers to job sharing, a waiver of medical insurance may be requested, provided proof that insurance coverage is continued through another source, and the combined cost of medical insurance for the two job share applicants does not exceed the cost of one. Teachers who accept reduced assignments shall maintain full seniority status and have the option to return to their maximum previous employment status after either one or two years leave, mutually determined in advance, provided the teacher has sufficient seniority and notification in writing is made to the personnel office by February 1. (See Appendix F)

ARTICLE XIX – VACANCIES AND TEACHER PLACEMENT

Section 1 – Vacancies

Subd. 1 – A vacancy shall be defined as any co-curricular position and any position for which a certificate/license issued by the State Department of Education is required, for which a certificated/licensed person currently on the staff or returning from leave has not been placed pursuant to the provisions of this master contract.

Subd. 2 – When vacancies occur after the first student contact day, it may be difficult or undesirable to fill them from within the district. Such a vacancy may be filled on a temporary basis until the end of the school year at which time the position will be considered vacant.

Subd. 3 – Where a vacancy (.4 FTE or greater) in any professional position in Independent School District 834 exists, Human Resources shall prepare a written notice of such vacancy including the license(s) required, qualifications, and job description. Such notices shall be posted on the District web site and an electronic copy shall be sent to the President of the Association. No vacancy shall be filled until notice of such vacancies shall have been posted for at least three working days.

Subd. 4 – In the event vacancies occur after the close of the school year, Human Resources shall prepare a notice as provided in Subd. 3 and post such notice electronically and shall

send an electronic copy to the President of the Association. Teachers who desire to receive notice of such postings will have access to such postings on the District's web site.

Section 2 – Transfer-Voluntary

Subd. 1 – Teachers may apply for a transfer in response to a posting. Teachers desiring a transfer shall submit an electronic application for transfer to Human Resources. To reduce staff and student disruption, internal transfer requests will not be granted on or after one week prior to the first regular teacher contract day, unless the District exercises its discretion to allow such transfers.

Subd. 2 – In filling non-promotional vacancies occurring within the professional staff of the district, preference shall be given whenever possible to District 834 teachers voluntarily requesting transfers under this Article. District 834 internal candidates shall be selected on the basis of seniority, experience and qualifications.

Section 3 – Transfer-Involuntary

Subd. 1 – When an involuntary transfer is necessary, the Superintendent, or designee, shall select the teacher(s) to be transferred based on the seniority, experience and qualifications of the teacher(s) affected. If teachers are judged equally experienced and qualified, the least senior teacher(s) will be transferred.

Subd. 2 – An involuntary transfer shall be made only after written notice of this proposed transfer to the teacher(s), and a meeting between the teacher(s) and the Superintendent, or designee, at which time the teacher(s) shall be notified of the reasons for the involuntary transfer. Teachers subject to involuntary transfers shall be notified of all open positions.

Subd. 3 – Transferred teachers shall be given all possible assistance such as visitation to the school and participation in planning new programs.

Section 4 – Annual Spring Posting(s)

Prior to February 15 of each year, Human Resources will establish a date when the first spring posting will occur, during which time all open positions for the upcoming school year will be posted. Prior to the annual spring postings, the administration shall meet and confer with the Association regarding the staffing of the next school year. Within ten calendar days of the conclusion of the first round of posting, a second round of posting shall occur. In establishing the criteria for posting, the school district shall first ascertain the status of all teachers for the next school year, including teachers on leave of absence and teachers intending to resign or retire. Each posting shall include overages and shortages resulting from imbalances in staffing needs and current vacancies in the teaching staff. The posting and filling of vacancies and shortages shall be according to the provisions of Sections 1, 2, and 3 of this Article. The school district may continue to post jobs on an individual basis throughout the school year, but vacancies will not be posted within forty calendar days prior to the date fixed by the Superintendent, or designee for the first posting unless the school district determines that unusual circumstances make such a posting advisable.

Section 5 – Application Of Law

This Article constitutes the full and complete agreement regarding voluntary and involuntary transfers. Case law stemming from MS 122A.40, Subd. 10 and Subd. 11 shall not apply.

ARTICLE XX – UNREQUESTED LEAVE OF ABSENCE AND SENIORITY

Section 1 – Purpose

The purpose of this Article is to designate a plan for unrequested leave of absence due to discontinuance of position, declining enrollment, or financial limitations. This Article constitutes the full and complete plan for placing teachers on unrequested leaves of absence in this District. This plan is intended to satisfy the provisions of MS 122A.40, Subd. 10. It is further intended that case law derived from MS 122A.40, Subd. 10 and Subd. 11 shall not apply to this contract.

Section 2 – Definitions

Subd. 1 – For purposes of this article, teacher is defined according to Minnesota Statute 122A.40, Subd. 1, which includes any and all persons employed in a public school as members of the instructional and supervisory staff such as superintendent, principals, supervisors, classroom teachers, etc.

Subd. 2 – "Licensed" shall mean a teacher who is licensed or certificated in the subject matter category by the State Board of Teaching.

Subd. 3 – "Probationary" shall mean a licensed teacher who has not yet met the requirements to become a continuing contract teacher as specified by M.S. 122A.40.

Section 3 – Seniority

Subd. 1 – Each teacher shall have seniority based on total teaching experience in the School District from the first day of uninterrupted contractual service which includes any approved leave of absence. In the event of equal seniority status, the following tie breaking procedures shall take effect:

1. Teachers with lesser formal training beyond the Bachelor's Degree as approved pursuant to Article VII, Section 5 and completed and properly reported to Human Resources by February 15 of each year, shall be placed on unrequested leave first.
2. If after application of the above criteria, there is still a tie, the teacher or teachers to be placed on unrequested leave shall be designated by the board. Criteria for selection used by the Board shall include, but not be limited to, preferential status for that teacher having the lower Board of Teaching license number.

Subd. 2 – Service during the regular school year and time spent on approved leaves of absence from which the teacher returns to the School District shall be counted when determining seniority. Service in summer school, non-contractual driver education, curricular writing or extra-curricular activities shall not be so counted.

Subd. 3 – Teachers who voluntarily resign from the service of the District shall lose their seniority status.

Subd. 4 – A seniority list of all teachers, including areas of licensure, first day of contractual service and Board of Teaching license number shall be updated annually, posted at each building and sent to the Association president by October 1 of each school year. Any teacher who feels that an error has been made on the seniority list shall notify Human Resources in writing of the alleged error by November 15. Human Resources shall respond to the teacher with a copy to the Association within 15 working days of receipt of the written notice. Subject to any challenges to the accuracy of the list brought by a teacher through the provisions of the contract's grievance procedure, the most recent list shall be conclusive upon the parties for the current school year for all items on the list. In the event there are revisions made to the seniority list pursuant to this subdivision, a revised seniority list shall be posted.

Subd. 5 – At the March meeting referred to in Section 4, Subd. 1 of this Article, the Association and District representatives shall make a determination as to whether any teachers, who may be subject to being placed on unrequested leave in the current school year, have the same seniority date. If so, the District and Association representatives will establish a "credit determination meeting" with each of the affected teachers within five working days for the purpose of identifying the teacher with the lesser formal training referred to in Section 3, Subd. 1(a) of this Article. A teacher who feels that an error has been made in this regard shall notify Human Resources in writing of the alleged error within five working days following the "credit determination meeting" referred to above. Human Resources shall respond to the teacher with a copy to the Association within five working days following receipt of the written notice. Subject to any challenges by a teacher to the accuracy of the determination made herein, the decision made at the "credit determination meeting" shall be conclusive upon the parties for the current school year. In the event an arbitration hearing becomes necessary in this regard, it is agreed that an "expedited arbitration hearing" procedure will be utilized.

Section 4 – Procedure

Subd. 1 – In the event that unrequested leaves of absence are contemplated, the Superintendent, or designee, shall consult the Association during the month of March preceding the layoffs in an effort to minimize the impact on the teaching staff and the educational unrequested leave, the School Board shall first ascertain the status of all teachers for the next school year, including teachers on leave of absence, and teachers intending to resign or retire.

Subd. 2 – In the event of discontinuance of one or more positions, the position to be discontinued shall be listed and posted in each building and a copy sent to the Association. Teachers who are to be placed on unrequested leave of absence shall receive preliminary notice, notice of hearing rights, and final written notice by June 1.

Subd. 3 – Any unrequested leave of absence shall be effective at the beginning of the next school year and shall be without pay and district paid fringe benefits.

Subd. 4 – Teachers may be placed on unrequested leaves of absence in the following order from among all teachers in the School District licensed for the positions which are proposed to be discontinued:

1. Probationary teachers will not be placed on unrequested leave and will not have recall rights.
2. No continuing contract teacher shall be placed on unrequested leave of absence while a probationary teacher is retained in the same area of licensure.
3. Continuing contract teachers shall be placed on unrequested leaves of absence in inverse order of seniority.

Subd. 5 – Any teacher having more than one area of licensure who is placed or about to be placed on unrequested leave of absence according to the provisions of this Article, shall have the right to take another position in the district for which he/she is licensed, provided that the teacher's seniority status shall be greater than another teacher in such area. For the purpose of the Article, only teaching fields licensed prior to February 15 of a school year can be used for subsequent unrequested leave purposes. In no case does this section permit any teacher to take another position which would result in a promotion to a higher level position.

Subd. 6 – Nothing in this Article shall require the School District to reassign a senior teacher to a different subject matter or grade level to accommodate the seniority claims of a junior teacher. Involuntary reassignment from one licensure area to another which alters the order of layoff or recall for the following year shall be jointly determined by the Association and School District. Issues not agreed to may be submitted directly to arbitration for resolution.

Section 5 – Reinstatement

Subd. 1 – Teachers who are placed on unrequested leave shall be reinstated in the inverse order in which they were placed on unrequested leave to other available positions for which they were licensed including substitute positions known in advance to be 30 working days or more. Teachers who have earned a new license while on unrequested leave shall be offered a position in such new area only if there is an opening and no licensed teachers are on unrequested leave in that area. Teachers reinstated under this section will receive regular teaching contracts. Teachers reinstated to substitute positions known in advance to be 80 days or more will be eligible for fringe benefits according to Article IX, Section 2.

Subd. 2 – Teachers placed on unrequested leave of absence shall be reinstated to a position commensurate to the original position from which they have been given leave. When only part-time teaching positions are available, such positions must be offered to teachers on the call back list whose prior employment status was at least equal to or greater than the position being offered. If a teacher accepts a reinstatement to a part-time position of lesser employment status than previously held, and subsequently a position of greater employment status becomes available, the teacher shall be offered such position at any time prior to the first student contact day. Any teacher on the call back list who accepts or refuses a position which is not equivalent to the original position does not waive his/her rights on the call back list.

Subd. 3 – When part-time positions in an area of certification are occupied by teachers entitled to full-time positions, the administrator is encouraged to combine such positions where possible and offer the position(s) to the most senior teacher(s).

Subd. 4 – If a position becomes available for a teacher on unrequested leave who is appropriately licensed, the School District shall send notice by certified mail. Upon notification by the School District, the teacher shall be allowed at least ten working days for response.

Subd. 5 – It shall be the responsibility of any teacher on unrequested leave to provide a current mailing address filed with the School District's Human Resources office. Failure of a notice to reach a teacher shall not be the responsibility of the School District if receipt of certified mail is provided.

Subd. 6 – No new teacher shall be hired while there is available on unrequested leave a teacher who is licensed to fill the vacancy.

Subd. 7 – A teacher's right to reinstatement shall continue for a period of five years or until the teacher rejects an offer of reinstatement which is effective at the beginning of a school year unless such rejection is due to another contractual commitment or assignment to another area of licensure as provided herein. Rejection of an offer of reinstatement, which is made after August 1 of any year or requires a teacher to be assigned to an area of licensure in which the teacher has not taught within the five school years immediately prior to being placed on unrequested leave, shall not cancel the teacher's right to reinstatement.

Subd. 8 – A teacher shall be required to maintain the license(s) in the area(s) in which they were licensed at the time they were placed on unrequested leave of absence. Failure to do so shall result in the termination of their rights to reinstatement and shall be construed to be a resignation.

Subd. 9 – A teacher reinstated under this Article shall have all contracted rights to seniority, fringe benefits, and leaves of absence restored to him/her, and shall be placed on the salary schedule in accordance with the provisions of Article VII.

Subd. 10 – The School District shall provide all District insurance benefits until August 31 following placement on unrequested leave of absence to all teachers placed on unrequested leave of absence. If teachers have not been reinstated before the beginning of the following school year, as members of the insured group, the teachers may continue health and hospitalization, life and dental insurance programs at their own expense for the duration of their placement on the unrequested leave list according to Section 5, Subd. 7.

ARTICLE XXI – INSTRUCTIONAL CONDITIONS

Section 1 – Student Teacher/Interns

The administration shall make no assignment of a student teacher/intern without the mutual agreement of the teacher(s) to be responsible for such student teacher/intern. Teacher(s) who agree to work with the student teachers/interns shall be responsible for providing appropriate instruction, supervisory and other educational situations, to be developed

according to the procedures of the building and the college or university placing the student teacher. Teacher(s) responsible for student teachers/interns may accept any honorarium provided by the college or university.

Section 2 – Student Behavior Notification

To the extent permitted by law, the school administration will inform building teachers of students whose conduct indicates dangerous behavior or who have carried weapons on to school grounds. Teachers shall maintain the confidentiality of such information. This section will be subject only to levels one and two of the grievance procedure under this contract.

Section 3 – Class Assignments

Any assignment to a zero or seventh hour class shall be by mutual agreement between the district and the teacher. Such assignment shall be agreed to annually, and shall last for one school year or less. The SCEA will be notified of any such agreement.

ARTICLE XXII – TEACHER PROTECTION AND STUDENT DISCIPLINE

It is recognized by the Board and teachers that a duty of the professional educator is to nurture the self-worth of individuals throughout the educational proceedings. To this end, teachers undertake a sustaining duty in regard to student discipline. In order to apply the standards of student conduct as adopted by the board in District Policy S.R. 1.20 (and accompanying regulations collectively dated 7/18/13), teachers require extensive support.

Section 1 – Necessary Use Of Force

To prevent injury to another person or to protect oneself, a teacher may use such force as is necessary.

Section 2 – Assault

Any case of assault upon a teacher shall be promptly reported to the School Board or its designated representative. Time lost by a teacher in connection with such incident shall not be charged against the teacher.

Section 3 – First Removal From The Classroom

When, in the judgment of a teacher, a student is seriously disrupting the instructional program to the detriment of the students, the teacher may exclude the student from the classroom and refer him/her to the principal or designee. In such cases, the principal or designee will arrange as soon as possible a conference between himself/herself and the teacher to discuss the problem and to decide upon appropriate steps for its resolution.

Section 4 – Second Removal From The Classroom

When, in the judgment of a teacher, the student continues serious disruption of the instructional program to the detriment of other students, the teacher may exclude a student from the classroom a second time and refer him/her to the principal or designee. The

principal will arrange as soon as possible, a conference between himself/herself, the parent(s) of the child and the teacher to discuss the problem and decide steps for its resolution.

Section 5 – Complaint Against A Teacher

Subd. 1 – In the event an administrator receives a complaint against a teacher, said teacher will be informed of the nature of the complaint within a reasonable period of time. If the complaint is written, and may result in discipline, the teacher will receive a copy of the complaint within 10 days. If the complaint does not result in discipline, a copy will be provided to the teacher no later than the last day of the school year.

Subd. 2 – No written or summarized complaint against a teacher may be placed in his/her individual file without the teacher's knowledge and opportunity to attach a response thereto. The file notation shall indicate if the teacher requested a conference with the complainant and a summary of such possible conference.

The parties acknowledge that the limitation of the contract terms of duty days, hours, normal school calendar, etc., do not apply to the ABE and ECFE Teachers. The parties further acknowledge that ABE and ECFE programs will be conducted over the period of the fiscal year on a calendar necessarily different from that of the K-12 teaching staff. A full-time contract year for ABE and ECFE teachers shall consist of 1402 hours.

Section 2 – Holidays

At the beginning of each session, one hour of holiday pay shall be calculated into the teacher's annual salary, for each 37.5 hours scheduled, to a maximum of 37.5 hours per year. Such hours shall not include voluntary staff meetings.

Section 3 – Preparation Time

Preparation time shall be granted at a rate of 40% of actual teaching time.

Section 4 – Insurance

A teacher who is contracted to work 1122 or more hours during a fiscal year will be entitled to the insurance benefits described in Article IX. A part-time teacher who is contracted to work 701 or more hours during the fiscal year will be entitled to the insurance benefits described in Article IX.

Section 5 – Leaves

All members of the bargaining unit shall be entitled to sick leave and personal leave on the following basis:

Subd. 1 – Sick Leave: At the beginning of each session, each teacher will be credited with one (1) paid sick leave hour for each sixteen hours scheduled. Such hours shall not include voluntary staff meetings. Unused sick leave hours may accumulate without limit. The School Board may require a teacher to furnish a medical certificate from a qualified physician as evidence of illness in order to qualify for such sick leave pay. Sick leave is to be utilized for all absences resulting from a teacher's physical and mental illness, therapy, examinations and consultations. Sick leave may also be used for serious illnesses, therapy, examinations and consultations for immediate family members. Sick leave may also be used for the illness of a child. Commencing at the beginning of each ABE and ECFE teacher's assignment during a fiscal year, each teacher eligible for sick leave shall be credited with one of the sick leave hours that the teacher would earn in that year.

Subd. 2 – Personal Leave: Up to one paid personal leave day per school year may be granted to a teacher for absences from work for reasons beyond the control of the teacher.

1. When it is imperative that a teacher be present at a non-school activity which must take place during a regular work day, the supervisor may authorize personal leave at the request of the teacher.

2. Reasons for personal leave may include, but are not limited to, death or serious illness in the teacher's immediate family or household, family emergencies, attendance at funerals, required attendance in a court of law, legal consultations, required academic examinations and registrations, college graduations of family members and other similar situations. Personal leave may not be used to extend vacation, for a business trip with a spouse, to get married, for a honeymoon, for hunting or fishing trips, for routine family illness (other than provided by law), or in lieu of sick leave.
3. Personal leave may be used for personal or family illnesses when sick leave has been exhausted.
4. Personal leave will not be deducted from sick leave.
5. The supervisor may approve additional paid days.

Subd. 3 – Unspecified Leave: ECFE / ABE Teachers shall be eligible for one paid day of unspecified leave each year. Unspecified leave days may accumulate to a maximum of two days.

Section 6 – Seniority

Seniority commences on the date on which a bargaining unit teacher is hired as an ABE and/or ECFE teacher. Teachers hired in the ABE and/or ECFE programs shall accumulate no seniority on the K-12 teachers' seniority list. Separate seniority lists will be maintained for each of the ABE and ECFE programs.

The ABE and the ECFE seniority lists will be posted within the worksite(s) on or before October 15 of each year. Any teacher who feels that an error has been made on the seniority list shall notify the Executive Director of Human Resources in writing of the alleged error by November 15. The Executive Director of Human Resources, or designee, shall respond to the teacher with a copy to the Association within 15 working days of receipt of the written notice. A teacher may challenge the correctness of the list, however, in the absence of a written grievance being filed within ten days from the date of posting, the posted list will be conclusively deemed to be correct. In the event there are revisions made to this seniority list pursuant to this subsection, a revised seniority list shall be issued.

Section 7 – Staff Reductions And Recall

When the School District concludes that it is necessary to reduce the number of ABE and/or ECFE teachers, the release shall be in seniority order, unless the School District can show program justification for departing from strict seniority. When a workload reduction is known ten working days prior to the start of the school year, less senior teacher's assignments will be reduced before more senior teachers unless reasonable program justification exists for departing from strict seniority. Cancellation of classes during the school year shall not cause the reassignment of senior teachers to classes assigned to junior teachers. ABE teachers may only exercise seniority rights within their separate seniority list and may not displace K-12 or ECFE teachers through the exercise of their seniority. ECFE teachers may only exercise seniority rights within their separate seniority list and may not displace K-12 or ABE teachers through the exercise of their seniority. K-12 teachers may not displace ABE and/or ECFE teachers through the exercise of their seniority.

Recall shall normally be in seniority order. A teacher with the greatest seniority shall be recalled first from the layoff list, unless the School District can show justification for departing from the strict seniority. Teachers eligible for recall shall be appropriately notified.

Section 8 – Assignment, Vacancies And Placement

Assignment of classes within the ABE/ECFE programs is at the discretion of the School District.

All vacant positions shall be posted within the ABE/ECFE worksite utilizing the following procedures:

1. In the event vacancies occur after the close of the school year and up to ten working days prior to the beginning of the forthcoming school year, the School District shall prepare and post a notice of such vacancy for five working days. Any properly licensed teacher employed by ABE/ECFE may apply in writing for a vacancy and all written applications shall be considered. If, in the opinion of the administration, applicants already employed among the ABE/ECFE staff are acceptable and equally qualified, preference will be given to the most senior candidate. Unsuccessful candidates for a position shall be so notified of the decision.
2. When vacancies occur within ten working days of the beginning of a school year or after the first student contact day, such a vacancy may be filled on a temporary basis until the end of the school year at which time the position will be considered vacant.

Section 9 – Salary

ABE and ECFE teachers shall be paid on the following salary schedule

ARTICLE XXIV – ADDITIONAL PROVISIONS

Section 1 – Term And Reopening Negotiations

This contract shall be effective as of July 1, 2019, and shall continue in effect until June 30, 2021. If a new contract has not been duly entered into prior to June 30, 2021, the terms of this contract shall continue in full force and effect until such substitute contract is adopted, which shall then be fully retroactive to July 1, 2021, unless the employees fail to work because of strike. Between the months of March and June of 2021 the parties shall initiate negotiations for the purpose of entering into a successor agreement for the next two year period.

Section 2 – Effect And Finality

This contract constitutes the full and complete contract between the School Board and the Association. The provisions herein relating to terms and conditions of employment supersede and take precedence over any and all prior agreements, resolutions, practices, school district policies, rules or regulations concerning terms and conditions of employment inconsistent with these provisions.

Section 3 – Amendments

This contract shall constitute the full and complete commitments between both parties and may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of the parties in written signed amendment to this contract.

Section 4 – Severability

If any provision of this contract or any application of the contract to any employee or group of employees shall be found contrary to law, then such provision or application shall not be deemed valid except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect. A substitution for an invalidated provision of this master contract will be sought through consultation and negotiation with the Association.

Section 5 – Copies Of Contract

There shall be three signed copies of the final contract for the purpose of record. One copy shall be retained by the School Board, one by the Association and one by the superintendent, or designee. Copies of this contract titled "Master Contract between the School Board of District 834 and the St. Croix Education Association" shall be furnished electronically to all bargaining unit members within 30 days after the contract is signed off by all parties. Human Resources shall furnish 50 copies of the Master Contract to the Association President.

Section 6 – Individual Contract Rights

All teachers, except occasional substitutes, will be initially employed by written individual contracts. Any individual contract between the school district and an individual teacher, heretofore executed, will be subject to and consistent with the terms and conditions of this master contract. If an individual contract contains any language inconsistent with the master contract, this master contract during its duration will be controlling. Any individual contract hereafter executed shall be in the form provided in Appendix E. Extensions or renewals of individual contracts may be by written notice of assignment.

Section 7 – Site-Based Decision-Making

If the District and the SCEA mutually agree to initiate implementation of a Site-Based Decision Making Program, the following guidelines will apply:

1. The District and the Association agree that programs which provide increased opportunities for teacher involvement in building-level decision-making ("Site-Based Decision-Making Programs") can foster the collegial exchange of ideas and information so necessary for effective professional practice, and improve the educational process.
2. The Superintendent, or designee, and the building principals will confer with the SCEA regarding a proposed site-based decision-making program.
3. (1) If any aspect of a site-based decision-making program is contrary to the terms of the collective bargaining agreement, said aspect will not be implemented unless a waiver is obtained from the Association and the District. If such a waiver is obtained, the collective bargaining agreement will be deemed modified only to the extent necessary to implement this aspect of the program.

(2) Except to the extent waived pursuant to paragraph 1 above, the collective bargaining agreement will remain in full force and effect and have full application to the

employees who are affected by a site-based decision-making program.

4. Any dispute that may arise, other than a dispute regarding the interpretation of the current master contract, regarding the development or implementation of a site-based decision-making program will be subject to review by the District oversight (steering) committee which consists of 50% teachers all appointed by the Association and which may include QSC. Resolution of an irresolvable dispute will include a neutral third party mediator or consultant who will cast the deciding vote in the case of a tie.
5. The District and the Association each have the separate ability to request either a slowdown or withdrawal from any aspect of the SBDM process. Each side can exercise this option by a formal letter to the other side stating the desire to slow down or withdraw and state the reasons. There will be a cooling off period of thirty days during which the sides will meet and discuss the issue possibly using a third party consultant. By the end of the thirty days, both parties must have reached an agreement on the issues or the program will be terminated within ten calendar days.

WHEREAS, the District has continued to experience many instances where, as result of a shortage of substitute teachers, no substitute teacher was available to cover in the absence of a classroom teacher; and

WHEREAS, elementary classroom teachers are required to provide instruction for additional students when no substitute is available to cover the absence of their teacher; and

WHEREAS, Appendix B (Supplementary Compensation Rates) does not provide for a rate of pay for teachers required to provide instruction for additional students in such circumstances.

NOW THEREFORE, it is mutually agreed and understood as follows:

3. Each teacher who is assigned additional students in a classroom will receive supplemental pay for the additional responsibility, which shall be a pro-rated portion of the daily sub rate of \$127.50 per day for the 2019-20 school year; and the basic daily sub rate thereafter. (For example, if a teacher takes half the students in a class for half the day, the teacher would receive .25 of the daily rate.); and

4. The maximum paid per day shall not exceed \$127.50 during the 2019-20 school year, and the basic daily sub rate beginning 2020-2021, and will be divided between no more than three teachers; and
5. Supplemental pay will apply only to elementary classroom teachers and will not apply to instructional coaches, intervention teachers, or others who may be assigned to a classroom rather than performing their normal daily duties; and
6. This MOU shall be in effect for the 2019-2020 and 2020-2021 school years and will continue until such time as the 2021-2023 SCEA Master Contract is ratified.
7. The District and the SCEA will meet prior to the expiration of the 2021-2023 Master Contract to review absence data collected by the District regarding the utilization of the provisions within this MOU, and to determine the necessity of continuing such provisions.

MEMORANDUM OF UNDERSTANDING PRE-SCHOOL TEACHERS

This Memorandum of Understanding is entered into between Independent School District No. 834, Stillwater, Minnesota (hereinafter referred to as the "School District") and the St. Croix Education Association (hereinafter referred to as the "SCEA").

WHEREAS, the School District and the SCEA are in the process of negotiating the 2019-2021 SCEA Master Contract; and

WHEREAS, the current contract includes an Article (Article XXIII), which covers ABE and ECFE Teachers; and

WHEREAS, pre-school teachers are not currently specifically covered under the terms of the SCEA Master Contract in that they are not required to be licensed/certified by the State Board of Teaching, as stated in Article III, Section 2, nor are they considered an ABE or ECFE teacher; and

WHEREAS, because pre-school teachers are not required to hold a license or be certified by the state, the District is not required to consider them be covered under the terms of the SCEA Master Contract; and

WHEREAS, beginning in approximately 2006, the District began employing pre-school teachers on a very limited basis; and

WHEREAS, beginning with the 2017-18 school year, the District significantly expanded the pre-school program, including employing teachers who were teaching both a.m. and p.m. sessions, on nearly a full time basis; and

WHEREAS, as provided under the 1972 Amendment of the Fair Labor Standards Act, pre-school teachers in Stillwater Area Public Schools would be considered exempt, similar to other teachers covered under the SCEA Master Contract.

NOW THEREFORE, it is mutually agreed by and between the undersigned parties that:

1. Pre-school teachers play an important role in Stillwater Area Public Schools; and
2. Pre-school teachers have no continuing contract rights; and
3. There is not a mutual interest in removing pre-school teachers from coverage under the terms of the SCEA Master Contract at this time; and
4. It is important to have clear and specific language to address the terms under which pre-school teachers will be employed; and
5. The following Terms of Employment will apply to pre-school teachers, beginning with the 2020-2021 school year, and continuing until such time as a 2021-2023 Master Contract is ratified:

Article X:	Leaves (except Section 4 - SABBATICAL LEAVE)
Article XI:	School Year (except Subd. 1 – See Section 1, WORK YEAR, below)
Article XII:	Teaching Responsibilities and Conditions (Except Section 1 – Basic Day; See Section 1 – CONTRACT YEAR)

Article XXIV:	Additional Provisions
Appendices:	A-1, A-1Q, A-2, A-2Q, B

Section 1 - WORK YEAR: The parties acknowledge that the limitation of the contract terms of duty days, hours, normal school calendar, etc., do not apply to pre-school teachers. The parties further acknowledge that pre-school programs will be conducted over the period of the fiscal year on a calendar necessarily different from that of the K-12 teaching staff. A pre-school teacher's work year shall be determined on a year to year basis, as determined by the actual pre-school school calendar, however, a regular full work year will not be less than 146 days. A pre-school teacher's initial FTE shall be calculated on a pro-rata basis of a full time classroom teacher's FTE at 1440 hours per year, in accordance with Article XII, Teaching Responsibilities. In determining a teachers actual FTE, the District shall round the FTE out to up to five decimal places.

Section 2 - HOLIDAYS: Pre-school teachers shall be eligible for all teacher holidays that fall within their work year.

Section 3 – PREP TIME: For purposes of calculating prep time, pre-school teachers whose work day is at least seven and one-half hours long (including lunch) shall be provided prep time on the same basis as a full time teacher in accordance with Article XII, Section III, i.e. 90 minutes of prep per day.

Section 4 - LEAVES: With the exception of Sabbatical Leave, which pre-school teachers are not eligible for, pre-school teachers shall be eligible for leaves in accordance with Article X, on pro-rata basis, based on the number of work days per year as compared to a full time teacher. In calculating leaves, days allocated shall be rounded up to the nearest half.

Section 5 - SENIORITY: Seniority commences on the date on which a pre-school teacher is hired as a pre-school teacher. Teachers hired in the pre-school program shall accumulate no seniority on the K-12 teachers' seniority list. A separate seniority list will be maintained for pre-school teachers.

The pre-school seniority list will be posted within the worksite(s) on or before October 15 of each year. Any teacher who feels that an error has been made on the seniority list shall notify the Executive Director of Human Resources in writing of the alleged error by November 15. The Executive Director of Human Resources, or designee, shall respond to the teacher with a copy to the Association within 15 working days of receipt of the written notice. A teacher may challenge the correctness of the list, however, in the absence of a written grievance being filed within ten days from the date of posting, the posted list will be conclusively deemed to be correct. In the event there are revisions made to this seniority list pursuant to this subsection, a revised seniority list shall be issued.

Section 6 - STAFF REDUCTIONS AND RECALL: When the School District concludes that it is necessary to reduce the number of pre-school teachers, the release shall be in seniority order, unless the School District can show program justification for departing from strict seniority. When a workload reduction is known ten working days prior to the start of the school year, less senior teacher's assignments will be reduced before more senior teachers unless reasonable program justification exists for departing from strict seniority. Cancellation of classes during the school year shall not cause the reassignment of senior teachers to classes assigned to junior teachers. Pre-school teachers may only exercise seniority rights within their separate seniority list and may not displace K-12, ABE or ECFE teachers through the exercise of their seniority. K-12, ABE or ECFE teachers may not displace pre-school teachers through the exercise of their seniority.

Recall shall normally be in seniority order. A teacher with the greatest seniority shall be recalled first from the layoff list, unless the School District can show justification for departing from the strict seniority. Teachers eligible for recall shall be appropriately notified.

Section 7 - ASSIGNMENT, VACANCIES AND PLACEMENT:

Subd. 1 - Assignment of classes within the pre-school programs is at the discretion of the School District.

Subd. 2 - All vacant positions shall be posted within the pre-school worksite(s) utilizing the following procedures:

- A. In the event vacancies occur after the close of the school year and up to ten working days prior to the beginning of the forthcoming school year, the School District shall prepare and post a notice of such vacancy for five working days. Any properly licensed teacher employed by pre-school may apply in writing for a vacancy and all

written applications shall be considered. If, in the opinion of the administration, applicants already employed among the pre-school staff are acceptable and equally qualified, preference will be given to the most senior candidate. Unsuccessful candidates for a position shall be so notified of the decision.

- B. When vacancies occur within ten working days of the beginning of a school year or after the first student contact day, such a vacancy may be filled on a temporary basis until the end of the school year at which time the position will be considered vacant.

Subd. 3 – Pre-school teachers shall be allowed to apply for a transfer to regular, continuing contract positions during the internal spring posting process, however, such requests for transfer shall not be subject to the grievance procedures provide in Article XV.
